

HERO **XL**

Due to poor head control and sitting balance, many children need to remain in a rear-facing position in the vehicle until they get older.

Hero XL was developed to think about these children (up to 36 Kg / 5st 9lbs) so they can travel safer with all the postural support that meets their clinical needs.

Excellent postural support accessories.

For children from 2 years old.

2 years - 8 years*

*approximately
